Apex Dynamics USA Releases New Output Sealing Patent

Patented OUTPUT sealing system design eliminates friction and heat generation, which is accomplished by applying our hi-tech Titanium Nitride coating to all output contact surfaces. The Titanium Nitride coating reaches a hardness of 2000 Hv and is ground to Ra 0.2-micron finish to ensure sealing. This new patent prevents leakage and has a service life of over 45,000 hours. 5-Year Warranty.

The Most Productive Helical Planetary Gearhead Manufacturer in the World!
